A judge normally judges about 20-25 dogs per hour. This can be used as a guideline when you calculate the time for your own dog by the number of dogs in your ring. Puppies are always judged first in each breed if they not are moved to another judge and ring. ID control of dog can happen during the show..

All dogs that can change breed after been measured is to be measured before judging starts in the ring!

NOTE! Be in good time - think of any queues at the veterinary and parking.

\* In front of the breed means that there is a change of judge.

+ At a judge means that breed/s have been moved from the judge in question, see the specified ring.
